ABOUT AGM MOBILE

Rugged Phone Inventor

AGM has kept focus on developing and manufacturing rugged mobile and tablet devices for outdoor enthusiasts or practitioners, and aim to encourage them to conquer their daily challenges calmly, confidently and safely.

AGM Quality: Built on 15+ Years of Expertise

With over 15 years of experience crafting rugged devices, AGM has been a pioneer in the industry since 2008. Every single unit is built using high-quality materials and precision engineering, ensuring durability and reliability. Our team of skilled engineers and technicians is dedicated to delivering the best devices on the market.

AGM Mission

AGM is dedicated to building devices that survive the harshest conditions — but more importantly, we're building a brand you can trust.

AGM Vision

AGM is committed to delivering rugged, reliable, and exploration-driven technology that empowers users to communicate, explore, and pursue their glory—even in the toughest environments. We stand as their trusted partner in every mission.

AGM Value

The World Is Changing, But Integrity and Honesty Remain Unchanged.

Integrity

We do what's right — even when it's not easy.

Honesty

We promise clarity, fairness, and accountability —no overstatements, no hidden terms.

Reliability

Durable products, dependable service, sustainable value.
